SCIENTIFIC PROGRAMME

SPECIAL GUEST:

ANSHUL SAMA

Nottingham University Hospital, UK

DAY 1

07:00 - Registration of participants
07:15 - Surgical cases presentation
07:30 - Surgical anatomy of the sinonasal district
08:30 - Live surgery & debate
12:30 - Imaging: Radiological anatomy of the paranasal sinuses
13:00 - LUNCH
14:00 - **Video-guided step-by-step dissection**
- Identification of main surgical landmarks
- Sphenopalatine artery identification
- Anterior sinus compartment: uncinectomy, middle antrostomy, anterior ethmoidectomy, Draf type I
19:00 - Closing remarks

DAY 2

07:15 - Surgical cases presentation
07:30 - The combined treatment of rhinosinusitis
08:30 - Live surgery & debate
12:30 - Imaging: inflammatory diseases and mucocoeles
13:00 - LUNCH
14:00 - **Video-guided step-by-step dissection**
- Posterior sinus compartment: posterior ethmoidectomy
- Sphenoidotomies
- Draf type IIa, Draf IIb, Draf III
19:00 - Closing remarks

DAY 3

07:15 - Surgical cases presentation
08:15 - Management of sinonasal complications
08:30 - Live surgery & debate
12:30 - Special techniques: DCR and maxillectomies
13:00 - LUNCH
14:00 - **Video-guided step-by-step dissection**
- Medial maxillectomy
- DCR
- Optic nerve and orbital decompression
- Medial maxillectomy, PPF, ITF
19:00 - Take home messages

The basic three-days lasting workshop is grounded on sessions of live surgery, lectures and practical cadaveric dissection. After the presentation of the daily clinical cases, participants will attend live surgery projections and will debate the surgical procedures directly with the surgeons. Lectures will relate to sinonasal surgical anatomy (macroscopic, endoscopic and radiologic), and specific surgical techniques. Afternoon sessions of step-by-step tutor-guided anatomical dissection will complete the programme. This course is addressed to ENT specialists or residents who desire to deepen their knowledge on treatment of sinonasal inflammatory pathology, benign tumors and management of possible complications.

Participants that attend the three-day course and pass a final examination, will receive the University Certificate *in Endoscopic Nose & Paranasal Sinus Surgery*, of the University of Insubria in Varese.

Instructional Material

The instructional material in digital format will be delivered at registration, during the first session
